Silver Lake City Council

Public Meeting for Infrastructure Improvement Project

June 4, 2020

Note: Meeting conducted via electronic means with remote listening for public and remote questions and comments from public.

Mayor Dorothy Butler called the meeting to order at 6:07pm.

Members present: Mayor Dorothy Butler, Councilor Nolan Johnson, Councilor Josh Winfrey and Councilor Chris Penaz

Members absent: Councilor Brenda Fogarty

Staff Present: Jon Jerabek, Clerk; Karissa Wicklund-Kurth, Deputy Clerk

Others Present: Jon Jerabek, Clerk; John Rodeberg, SEH; Jordan VanOrt, SEH; Shannon Sweeney, David Drown Associates; Karin Ramige

John Rodeberg presented information on the Infrastructure Improvement Project and the application for funding with USDA Rural Development (RD). Infrastructure efforts to date, project priority, Rural Development process, and project needs were discussed. Project needs included wastewater treatment system upgrades, sanitary sewer infrastructure improvements, water system infrastructure improvements, storm sewer infrastructure improvements, street improvements, lift station improvements, water tower updating/replacement, and a water treatment plant. Rodeberg described project costs and the funding through RD and funding that would need to be paid through assessments, general obligation bonds and utility fees. Public questions on assessments, utility rate increases, water tower, and service lines were raised.

*Meeting concluded at 7:14pm.*

Seal of the City:
