## PeopleService on Deck to Assure Water Quality and Flow

Greg Stang, PeopleService Region Manager

Those white trucks driving around town belong to PeopleService, Silver Lake’s water and wastewater contracted operator.

We’ve been working with communities in Minnesota for years. We keep the water coming in to your homes safe and clean.

We appreciate what the lakes and streams mean to you, so we assure the wastewater is returned to the environment in great shape. Everything we do is in line with regulations and we report everything we do for you to the City every month. Our daily management of the City plants provides assurance and it saves you money, too. When you see one of those white trucks, say “Hey” to Jeremy Anderson or Lee Ortloff, the guys making it happen.

**Did you know that many home projects require a building permit?  
Call or stop by City Hall to get help with any questions.**

## Ambulance Department - Join the Team!

Steve Hackbarth, Chief

If you are not familiar with the Silver Lake Ambulance Service, I am delighted to introduce our service to you. My name is Steve Hackbarth, Chief of the Silver Lake Ambulance Service. I am part of a team that provides emergency medical care to our community of Silver Lake, Hale Township, and portions of Rich Valley Township. We also provide mutual aid to the surrounding area.

We are a team of Emergency Medical Technicians (EMT) that provide Basic Life Support (BLS) to people that call 911. I like to explain it as a mobile emergency room. When a person gets injured or ill there are certain things that need to be done as soon as possible. The sooner these things are done the better the recovery and survival rate.

If you need us, we want to provide you with the best care as soon as possible. At this time, one of the most important things we need is **you**. We are currently hiring EMTs to join our great team. We will pay for your training and assist you in your learning throughout your time with us. People often say, "I could not do what you do," and I tell them, "It is not 'I', it is 'we'". You would become part of a team. We work together to serve this community. Our team is a great group of people, and you should consider joining us.

Feel free to contact me at 612-701-9529 about any questions you may have. I will be glad to visit with you.

## Police Department

The City Council wants your input on the future of Police Services. Please take the survey at [www.cityofsilverlake.org/police-survey](http://www.cityofsilverlake.org/police-survey) or stop at City Hall to take a written survey. Your opinion and thoughts matter!

Let's play "Know your Ordinance"!

City Code Chapter 10 Sec. 5 Sub. 1 determines it unlawful for anyone to allow the growth of weeds, grass, or other vegetation to a "height greater than six (6) inches on the average" on any property within City limits. Please do your best to keep lawns and properties looking nice!

For the complete Section on this ordinance and all other City ordinances, visit the City Government page on the City website. Follow the Police Department on Facebook! Search Silver Lake Police Department.

## Fire Department

Dale Kosek, Chief

The Fire Department wants you to stay safe! Here are some important fire prevention tips:

- Install smoke alarms on every level of your home, inside bedrooms and outside sleeping areas on the ceiling or high on the wall.
- Test smoke alarms monthly.
- Replace smoke alarm batteries annually, and change the batteries in your carbon monoxide detector at the same time.
- Replace smoke alarms that are 10 or more years old.
- Keep all flammables, like paper, clothing, bedding, drapes or rugs, at least 3 feet from a space heater, stove or fireplace.
- Never leave portable heaters and fireplaces unattended; turn off heaters and make sure fireplace embers are extinguished before leaving the room.
- Keep matches and lighters high and out of children's reach in a locked cabinet.
- When simmering, baking or roasting, check the food regularly, remain in the kitchen while cooking and use a timer.

*What award do you  
give a firefighter?  
Most Extinguished!*

The Fire Department is looking for recruits! Contact Chief Dale Kosek at 320-583-8725 for more information.
